

CAIRNGORM CLUB LIBRARY.

CATALOGUE AS AT FEBRUARY 22, 1929.

THE Club possesses the nucleus of a library which is at present in the Secretary's office. The President and Mr. William Garden have very kindly offered to provide a book-case, and, through the kindness of the Secretary, members will have access to this at times to be arranged. It is hoped that members of the Club will do what they can to add to the value of the library by contributing suitable books and maps. So far only a beginning has been made. The possibilities are great. A well-stocked library will be a great asset to the Club. Local mountaineering literature and maps are of special interest, but any works on mountaineering subjects will be most welcome. We are greatly indebted to the President for compiling the following catalogue of the library as at February 22.
